.....

Modules

Swaging head: HPM.H32
Calibrator: HPM.C1
Power base: HPM.H3

Swaging Head

Max. press-force: 175 t (1750kN)
Press-range: 6,0 – 57,9mm
Max. opening: dies Ø +31,6mm
Swaging range: 12mm
Max. die-length: 75mm
Working pressure: 310 bar / 4.500 PSI

Working Range

Textile reinforced hoses	up to ID 1½"
1-2 wire hose	up to ID 1½"
4 spiral hose	up to ID 1¼"

Calibrator

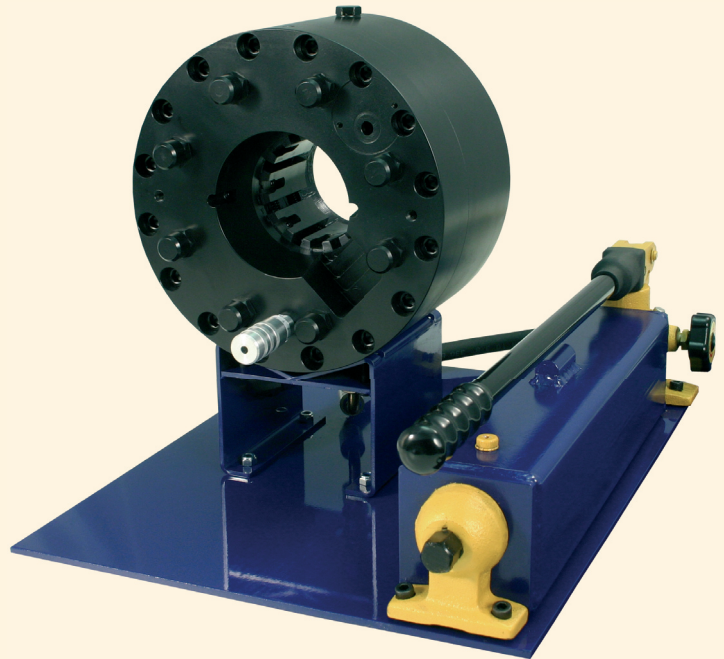

Micrometer with millimetre - scale.
Indicator: Sight/feel control

Power Base

Hand-pump, twin speed, mounted on baseplate with integral tank.

Dimensions (LxWxH): 430x400x670mm
Weight: 85 Kg
Art.No.: 363.031

Suitable die type: HPD.32

Description:

Mid-range service hose-press with working range up to ID 1½" (1¼"-4spiral), for workshop - bench mounting and mobile use. Manual operated.

Possible upgrades:

Extension of working-range up to 2" with HPM.H50 possible. Extension for the use as workshop machine with Power units HPM.E1, E2, E3 possible (110, 220 or 400volts) or for mobile with HPM.E5, E6 (12volts DC).
